HEADstrong Foundation Boiler Plate

The HEADstrong Foundation™ is a 501(c)(3) committed to being a resource for cancer patients and their families, helping them to navigate the harrowing ordeal of cancer by providing essential services to improve quality of life.

HEADstrong™ is an athletic rooted organization that serves the cancer community by granting direct financial assistance to those financially impacted as a result of the disease, by providing complimentary long-term housing and amenities for those traveling to Philadelphia, Pennsylvania for cancer related treatments through Nick's House™, by funding innovative blood cancer research through the Nicholas E. Colleluori Lymphoma research fund, by serving family meals and offering outlets of entertainment for those receiving care at hospitals, by delivering comfort kits to newly hospitalized patients preparing for treatment or transplant and by lending an arm of support through their peer to peer advocacy group.

The blueprints for the Foundation were conceptualized by Nicholas "HEAD" Colleluori in 2006, while he underwent treatment for non-Hodgkin's Lymphoma, which ultimately claimed his life. Today, Nick's vision is being fulfilled through the relentless efforts of his family, athletes and supporters across the country uniting in the fight against cancer.
